I had a one roll of film per month allowance with an extra roll on holidays. I took a photography class in high school and learned to love working in the darkroom. I continued to work with black and white in college but eventually switched to color slides. As life got busier photography became a vacation only activity.

After inheriting old family photos, I decided to learn more about old photographs and how to restore them. That reignited

my interest in making photographs again.

My work explores the relationship between Jungian archetypes and vegetarian ethics. Just kidding. I have never settled into one style of photography. When I make portraits I try to capture a relaxed authentic image, rather than a traditional one. Sometimes the client wants the traditional posed portrait, so of course, I do that first, but also try to capture what I prefer. With landscapes (now that is a challenge to categorize) I love stark simplicity as well as intricate beauty – black & white or brilliant color or texture. I suppose I just don't want to fit into a box. This year I plan to experiment with photography and paint just for fun.

Image compositing is a fairly recent interest and I usually attempt humor in my altered reality images. Beauty seems to score better, so perhaps I will work toward more artistic images at some point.

For this program I have been asked to offer some ideas for creating altered reality/composite images and offering just a few of the techniques used to create them. I am not an expert in this area, but my goal is to learn something new every time I attempt an image. I hope you will be inspired to join the fun and create your own composite images.

MAIN MEETING ROOM
WILL ROGERS SENIOR CITIZENS CENTER
3501 PAT MURPHY DRIVE (I-44 AND NW 36TH ST.)
OKLAHOMA CITY, OK 73112

On February 4, 2016, Metro Camera Club will host a Special Saturday Workshop concentrating on Portrait Lighting and Tabletop Photography.

Randy Taylor will be providing instruction for portrait lighting and posing. Club member, Janet Steyer, will again provide a huge display of tabletop set-ups demonstrating different lighting for small still-life photography. Jack DeLisle will demonstrate focus stacking techniques.

The Workshop starts at 10:00 AM (set-up people will need to be there at 8:30 AM) and continues until 3:00 PM. Joe is asking for a few volunteers to help set up the room, put out chairs and help members with bringing in equipment, etc.

A charge of \$10.00 per person for the Workshop....Pizza and drinks will be provided.

Mr. Taylor will begin portrait instruction promptly at 10:00 AM until noon. During lunch and until 3:00 PM members and guests will be encouraged to use the same equipment used during the lecture to practice the art of portrait photography provided by members of the Metro Camera Club.

Bring your camera to the Workshop. Be sure your camera is able to hook up with the studio sync cords or wireless triggers. Check with your local photo dealer or Joe Wilson for help in this area.

Models will be present and it is customary to provide courtesy photos (usually 8 x 10) or a CD for their efforts.
