“May Program continued

As a professional commercial photographer, Don has photographed products such as jewelry, gifts, furniture, food, and a variety of other items, always using his favorite

lights — speedlights, as well as architecture, businesses, shopping centers, headshots, portraits, and the like.

May Program Continued

] Beginning in 2017, and lasting until 2021, Don was a contributing photographer for Oklahoma's premier lifestyle magazine, 405 Magazine, and its sister publication, 405Home. While shooting for both, his photographic efforts resulted in hundreds of images published in more than 40 issues, including five covers, well over 40 feature articles, dozens of ads, and more.

For fun, Don enjoys photographing landscapes and wildlife, both here in Oklahoma and across our great nation. He also enjoys shooting people (especially dancers), kiteboarding, and anything else that catches his eye. A member of Nikon Professional Services, Don has been shooting with Nikon cameras, lenses, and speedlights exclusively since 1979.
